

Providing the Right Solutions for Informed Employment Decisions

DISA combines technology and screening innovations to deliver employee information quickly and accurately. We specialize in giving employers the tools and information they need to make the most informed hiring decisions possible.

With DISA, employers can manage all of their hiring and employee screening requirements under one comprehensive service umbrella. Regardless of their industry or unique policy requirements, DISA's solutions make it easier for employers to hire the right people for the job and to manage their business more efficiently.

Leveraging Technology & Innovation for BETTER, Faster, Smarter DECISIONS

DISA's program and services are fully automated and managed through DISAWorks®, our web-based management system. DISAWorks is a powerful compliance reporting and information management tool. This proprietary system gives employers the ease and convenience of real-time access to all their program and employee information, all with user-friendly functionality and the convenience of the Internet.
